barriques, 12 months in concrete vats
Bottling: May 2020
Total bottles produced: 2340 (750ml)
First selling day: January 2022
Alcohol content: 14%

The Brunello di Montalcino is produced only with grapes coming from the oldest vineyards.

Its color is intense ruby and the aromas are of mature fruits, sustained in the palate by great complexity. The tannins are noteworthy, silky and oily, persistent.

A wine of optimal equilibrium, elegance and complexity, it will increase its bouquet after a moderate time in bottle.
